

Dear Partner in Christ;

EMU Ministries is organizing a school supply drive to help the battered women's shelter in the greater San Antonio area. This will be our first event and we are really excited about the event. Our goal is to gather enough school supplies to help those staying in the shelter who have school age children. This will decrease the burden of back to shopping for the women in need.

There are a growing number of women that find themselves in our criminal justice system. Many of the programs in our justice system are tailored for the men. During my visits with these women, I found that these programs are not fully meeting the needs of women transitioning. Many women transitioning have difficulties obtaining housing; suffer from low self-esteem; inadequate education; find employers reluctant to give them a job; and difficult relationships with their families.

EUM Ministry is dedicated to promote change by providing:

- Spiritual guidance
- Mentoring
- Housing Assistance
- Educational guidance
- Employment assistance
- Parenting Skills Training

EUM Ministries is dedicated to helping women who are transitioning out of incarceration back into society. In order to make this event a success we are requesting your support. We are asking for supplies and or monetary donations. Your donations are tax deductible as EUM is an approved 501(c) (3) organization. Please complete the donation form below. Thank you for your support.
